“First Substitute S.B. 174, Sales and Use Tax - Exemption for Semiconductor Fabricating or Processing Materials, provides a sales and use tax exemption for a

five-year period for sales or leases of certain semiconductor fabricating or processing materials. In passing First Substitute S.B. 174, the Legislature intends the following:

The Legislature's willingness to forego this sales and use tax revenue is contingent on the businesses meeting the benchmark established by the Legislature of employing over the time period for which the exemption is allowed at least 50% more employees than original projections for the businesses' total number of employees.

To ensure that this commitment is met and to ensure that the exemption is consistent with the policy goals of the Legislature, First Substitute S.B. 174 requires an annual review of this exemption by the Revenue and Taxation Interim Committee, and allows the Legislature to request from the State Tax Commission the total amount claimed as an exemption for semiconductor fabricating or processing materials."
